

Government Decree No. 50/2004 (III.23.)

on

Licensing foreign trade in dual-use goods and technologies

The Government,

- based on the authorization given by Article 140 paragraph (4) of Act No. XXIX. (2004) on the law amendments connected to the accession to the EU, and on the authorization given by paragraph 12 Article (1) (g) Act No. CLXIV (2005) on the trade, considering the disposals on the implementation by Article 26 Act No. CXXVI. (2003) of the Community Customs Code,

and in accordance with

- the Agreement signed on January 13 1993 in Paris on the prohibition of development, production, stockpiling and use of chemical weapons and on the destruction thereof,

- the Agreement decided on June 12, 1968 by the XXII. General Assembly of the United Nations on non-proliferation of nuclear weapons and proclaimed by decree with legal force No. 12. of 1970,

- the Agreement adopted on December 10 1971 by the XXVI. General Assembly of the United Nations on the prohibition of development, production and stockpiling of bacteriological (biological) and toxin weapons and on the destruction thereof, having been proclaimed by decree with legal force No. 11. of 1975

hereby orders the following:

Scope of the decree

Article 1

The scope of the decree covers the followings:

a) the transfer of dual-use goods and technologies under the Council Regulation (EC) 1334/2000 of 22 June on setting up the Community Control System for exporting dual-use goods and technologies (hereinafter: Council Regulation 1334/2000), and the export from the territory of the EU into the territory of a third country;

b) the imports of dual-use goods and technologies from third countries beyond the European Union into the territory of the Republic of Hungary under the Council Regulation (EC) 1334/2000, furthermore the import of any other goods or technologies, if the competent authority of the exporter country makes pretension to official guarantee of the Hungarian state (International Import Certificate) like the condition to approve export;

c) the export of chemical materials from the territory of the EU and the import from the third countries beyond the EU into the territory of EU under Annex I of the Agreement signed on January 13 1993 in Paris on the prohibition of development, production, stockpiling and use of chemical weapons and on the destruction thereof (hereinafter: Agreement);

d) the transfer of chemical materials under Annex I of the Agreement into or from the territory of the Republic of Hungary.

Article 2

In respect of this decree:

- a) Joint Action: the Joint Action of the Council No. 401/2000/CFSP of June 22 2000 (Common Foreign and Security Policy) in connection with control of assistance for certain military end-uses.
- b) Dual-use goods: as specified in Article 2. (a) of Council Regulation 1334/2000.
- c) Export: as specified in Article 2. (b) of Council Regulation 1334/2000.
- d) Exporter: as specified in Article 2. (c) of Council Regulation 1334/2000.
- e) Export declaration: as specified in Article 2. (d) of Council Regulation 1334/2000.
- f) End-user: any person who/which actually uses the dual-use goods exported in accordance with this decree.
- g) Consignee: any person who/which imports the dual-use goods according to the export-licensing process specified herein and who has the right to transfer the proprietary rights.
- h) Import:
- ha) a commercial deal, when goods different from „community goods” as specified in Article 4 paragraph (8) of Community Customs Tariff Code are imported from outside the territory of the EU into the territory of the Republic of Hungary, including the import into the Customs free zone and transit territory;
- hb) goods originated from outside the Community Customs Territory imported for active processing as specified in Article 114 of Community Customs Tariff Code, goods for temporary import as specified in Article 137 of Community Customs Tariff Code, returning goods which were previously exported for passive processing as specified in Article 145 of Community Customs Tariff Code and also returning goods as specified in Article 185 of Community Customs Tariff Code;
- hc) transferring software or technology from territories outside the Community Customs Territory to the territory of Hungary by electronic means, fax or telephone.
- i) Importer: any natural or legal entity on whose behalf the import declaration is made of, i. e. the entity being the contracting partner of third-country party outside the European Community at the time of accepting the declaration and is entitled to perform the transport of the goods from territory outside the European Community Customs Territory into the territory of the Republic of Hungary. In case no import contract has been signed or the contracting partner is acting on behalf of someone else, the authorization for transporting the goods into the territory of Hungary will be decisive; beyond the foregoing a person or legal entity deciding to import software or technology into the territory of Hungary by electronic means, fax or telephone, shall be considered importer.
- j) Customs territory of the Community: the territory specified in Article 3 of Community Customs Tariff Code.
- k) Ultimate Consignee: a person or entity who/which makes a statement on future use of the imported goods and technology exclusively in harmony with the terms and conditions set forth in the statement.
- l) End-user Statement: the statement made by the Final Consignee according to Article 5 Paragraph (3).
- m) Broker: a person or entity acting for sale and purchase of dual-use goods among “third countries” including arrangements of the deals, mediation between the contracting parties, indication of business opportunities both for buyer and seller, and also sale and purchase on his/her/its own.
- n) Service: any and all technical assistance related to repair, development, manufacturing, assembling, quality control, operation and maintenance of dual-use goods or to any other technical service.
- o) Competent Authority: Office for Export Control and Prohibition of Chemical and Biological Weapons (hereinafter: Office) operating under the authority of the Hungarian Trade Licensing Office (hereinafter Bureau).

p) Transfer: transfer of dual-use goods specified in Annex IV to Council Regulation 1334/2000/EC and of goods under the scope of Annex I of the Agreement within the Customs Territory of the Community.

The Competent Authority

Article 3

(1) The Office as Competent Authority operating within the framework of the Bureau is entitled to implement this decree, to issue export licenses for dual-use goods, and also to control the import of such goods from third countries outside the European Union into Hungary and to issue International Import Certificates.

(2) The Office is also entitled to control all activities related to the preliminary and subsequent phases of export and turnover of dual-use goods.

(3) The Office holds consultations specified in Council Regulation 1334/2000.

Article 3/A

(1) Only those, who registered at the Office, may carry on activities under the scope of the decree.

(2) Application required for the registration has to include

(a) tax number;

(b) VPID number specified in Article 17 of Act No. CXXVI (2003) on the implementation of the Community Customs Code;

(c) document identifying the client or verified copy of that (founder document, ID);

(d) document certifying the authenticity of sign of the person legitimated for liability;

(e) in case of legal person document certifying the representative legitimacy of the person empowered for the relations with the Office;

(f) Internal Control Program of legal person – endorsed by its chief.

(3) Internal Control Program referred to paragraph (2) point (f):

(a) dispose of the forming the registration of every document concerning activities under the scope of this decree;

(b) regulate the duties and responsibility of the person participating in the activity under the scope of this decree;

(c) regulate the compliance of regulations of Council Regulation 1334/2000 and this decree within company (institution);

(d) dispose of the windup of consequences of haphazard trespass in action plan.

(4) The Office controls if the Internal Control Program complies with paragraph (3).

(5) If the client complies with paragraph (2)-(3) and the Office states that the Internal Control Program complies with paragraph (3), the Office will register the client. The registered client informs the Office about the changes in registration data without delay.

(6) For activities including Article 4 paragraph (1) points (c)-(d) about general licenses and Article 4 paragraph (6), together with Article 14 the presentation of registration data are sufficient.

Part I

Licensing export of dual-use goods and technologies and control of technical assistance related to certain military purposes

Article 4

- (1) Types of export licenses for dual-use goods
 - a) Individual Export License,
 - b) Global Export License,
 - c) National General Export License,
 - d) Community General Export License.
- (2) Applications for export licenses specified in the above paragraph (1) (a) and (b) shall be submitted to the Office in the community form published as Annex III.a to Council Regulation 1334/2000. The form shall be filled in completely and signed by the official representative of the exporting company. If the application is filled in incorrectly or incompletely, after 8 days of the accepting the application – with fixing a time limit and legal consequences - the applicant will be given the chance to correct and/or complete it. The applicant shall inform the Office about any changes concerning these data. The applicant is responsible for the authenticity of all data and information contained in the application and the attached documents.
- (3) The Office will register persons wishing to engage in licensed export activity. The registered exporter shall inform the Office on any changes of the registered data with no delay.
- (4) The Office will pass a resolution on the application within thirty days.
- (5) The documents of the completed export licensed in accordance with the above Section (1) shall be saved and stored at the headquarter of the exporter for minimum five years starting from the end of the calendar year in which the deals were completed. The registration shall be kept in accordance with the legal rules. Checks and examinations of the Compliance will be done or initiated by the Office.
- (6) In case of transit of chemical goods under the scope of the Annex I of the Agreement from the territory of the Republic of Hungary, and of export into the states listed in Annex II of Council Regulation 1334/2000 the arranger natural or legal person is obliged to report on International Transfer Statement of this decree in Annex IV within 10 days after the export of goods and technologies from the territory of the Republic of Hungary.

Individual Export License

Article 5

- (1) For exporting dual-use goods listed in Annex I. and IV. of Council Regulation 1334/2000 an Individual Export License valid for specified types and categories of dual-use goods and technologies, and for a single exporter and a single end-user is necessary.
- (2) The individual export license is valid for one year and can be extended once for one more year upon request for extension submitted thirty days prior to its expiry.
- (3) An End-user Statement (hereinafter: Statement) shall be attached to the application. The Statement shall include:
 - a) the exact name of the end-user or the end-user institution, the clear specification of the headquarters and the activity(-ies);
 - b) the description, quantity and value of the imported product, the substantial parts or a copy of the related contract;
 - c) the unambiguous specification of the end use of the product and the exact destination thereof;
 - d) an explicit commitment that the imported goods will not be re-exported, passed over or diverted on the way.

(4) The official representative of the end-user shall date and sign the Statement and place stamp on it. Should the Office find it necessary, the competent foreign authority and/or the Hungarian official representation shall counter-sign the Statement.

(5) The Office may request an International Import Certificate and/or the Statement certified by the end-user's appropriate organization abroad.

(6) Beyond those specified in Sections (4) and (5) the Office may request the submission of special documents which are indispensable for making decision about the application.

(7) The Individual Export License may be subject to special conditions as well and the Exporter may be obliged to meet special conditions specified by the Office and set forth in the license itself.

Global Export License

Article 6

(1) For exporting dual-use goods listed in Annex I of Council Regulation 1334/2000 the Global Export License valid for specified types or categories of dual-use goods and technologies for a single exporter and for one or more destination countries is necessary.

(2) Global Export License may be issued for maximum three years. This can be extended once for one more year upon request for extension submitted thirty days prior to its expiry.

(3) Global Export License may be issued only to applicants with sufficient (at least three years) export control expertise.

(4) A statement signed by the representative of the exporter shall be attached to the application. In this statement the exporter should assume the obligation to meet the conditions below for all export transactions:

a) the license can be used exclusively for dual-use goods and the specified destination countries;

b) the identification data of the Global Export License (ref. number and date) shall be indicated on the invoices and way-bills;

c) the statement on the undertaking of the consignee and/or the end-user stating that the dual-use goods involved in the contract or order will not be re-exported, passed over or diverted on the way and will be used exclusively for civil purposes shall be acquired on the date of concluding or confirming the agreement.

(5) Within thirty days after the end of the calendar year the exporter is bound to submit a summary of the export transactions completed in accordance with the Global Export License. This summary shall include: the substantial data of the invoice and the contract, the amount and value of the sold goods, the referenced groups of goods and sub-categories, the related customs tariff codes, the destination countries, the detailed data of the consignee and the end-user, the date of sale, the type (final, temporary) of export.

National General Export License

Article 7

(1) For exporting dual-use goods and technologies listed in Annex I – except Part II of Annex IV - and for transferring them within the Community, together with technology transfer with border crossing of natural persons outside the territory of the Community National General Export Licence can be issued.

(2) The National General Export License is valid until revocation.

(3) The statement specified in the Annex I to this decree shall be indicated on the way-bills related to exports of dual-use goods made in accordance with the National General Export License.

(4) Within thirty days after the end of the calendar year the exporter is bound to submit a summary of the export deals completed in accordance with the National General Export License. This summary shall include: the substantial data of the invoice and the contract, the amount and value of the sold goods, the referenced group of goods and sub-categories, the related customs tariff codes, the destination country, the detailed data of the addressee and the end-user, the date of sale, the type (final, temporary) of export.

Community General Export License

Article 8

(1) For exporting dual-use goods and technologies and destination countries listed in Annex II to Council Regulation 1334/2000 a Community General Export License is necessary in accordance with the procedures detailed in Article 6 of Council Regulation 1334/2000. The export based on the Community General Export License may be completed under certain conditions and also under the provisions of Annex II to Council Regulation 1334/2000.

(2) The Community General Export License is valid until revocation.

(3) The statement specified in Annex II of this decree shall be indicated on the way-bills related to exports of dual-use goods completed in accordance with the Community General Export License.

(4) Within thirty days after the end of the calendar year the exporter is bound to submit a summary of the export deals completed in accordance with the procedures of the community general export license. This summary shall include: the substantial data of the invoice and the contract, the amount and value of the sold goods, the referenced group of goods and sub-categories, the related customs tariff codes, the destination country, the detailed data of the addressee and the end-user, the date of sale, the type (final, temporary) of export.

Decision on the application for export license

Article 9

(1) The Office will issue the licenses in case of contribution of the Minister of Foreign Affairs and - depending on the subject of the issue - the Minister of Administration, the commander of the Hungarian Customs and Finance Guard, the Director of the National Atomic Energy Agency and the directors of competent national security services. The Minister of Foreign Affairs has no specially justification obligation, if he/she deny his/her contribution to the issuing of the license in case of Article 8 (c) of the Council Regulation 1334/2000 regarding to his/her responsibility for foreign and security policy.

(2) Applications for licenses under Article 4 paragraph (1) points (a) and (b) are denied, the valid licenses are withdrawn or suspended if:

- a) conditions set forth in Article 8 of the Council Regulation 1334/2000 are not met;
- b) the exporter and/or its business partner(s) contravene local or international regulations regarding to the dual-use goods and technologies, and/or act against those;
- c) the exporter does not meet a condition related to the license or submits false data;
- d) the issuance of the license would violate or endanger the fulfilments of commitments under international non-proliferation regimes and other international agreements of the Republic of Hungary or its national security interests;

e) the applicant does not operate properly its Internal Control Program approved by the Office.

(3) A license relating to export and intra-Community transfer of dual-use nuclear goods and technologies may be issued only in consideration of the in-advance professional point-of-view of the National Atomic Energy Agency.

Licensing goods not listed in Annex I. of Council Regulation 1334/2000

Article 10

In accordance with Articles 4 and 5 of Council Regulation 1334/2000 the Office may extend the licensing procedures to the export of dual-use goods not listed among the goods in Annexes of Council Regulation 1334/2000.

Intra-Community transfers

Article 11

(1) For the intra-Community transfer of dual-use goods listed in Annex IV to Council Regulation 1334/2000 a license is needed.

(2) The intra-Community transfer of dual-use goods listed in Part I of Annex IV to Council Regulation 1334/2000 shall be arranged according to the provisions of National General Export License, as detailed in Article 7 hereof, the transfer of goods listed in Part II requires Individual Export License.

Technical assistance for military end-use

Article 12

(1) Any technical assistance related to the development, manufacture, sale, maintenance detection, identification or proliferation of chemical, biological or nuclear weapons or other nuclear explosives and missiles capable of delivering them listed in Articles 2 and 5 of the joint action is forbidden.

(2) Technical assistance is forbidden even if it is connected to military use other than specified in paragraph (1) but related to a destination country which, in accordance with a common position or joint actions of the Council, is under arms export restrictions or under arms embargo imposed by OSCE or the Security Council of UN. Under this section technical assistance of military end-use character includes the following:

- a) transfer of goods indicated on the munitions lists of the member states;
- b) transfer of production, control, or test equipment necessary for development, production, maintenance of military goods specified in point a) and the transfer of spare parts related to them;
- c) transfer of any semi-product used for the production of military goods specified in point a) in the production facilities.

(3) Provisions of technical assistance specified in paragraph (1) hereof are not applicable:

- a) if the technical assistance is realized in any of the countries listed in Annex II to Council Regulation 1334/2000;
- b) if the technical assistance – supplied in the form of information- is used in public domain or in scientific basic research specified by international export control regimes, organizations, and agreements;

c) if the technical assistance is delivered verbally and does not relate to product controlled by one or more international export control regime(s).

Part II

Rules for importing dual-use goods, technologies and services from third countries outside the European Union into Hungary and their transfer within the EU

Import

Article 13

(1) Those goods, technologies and services including Article (1) can be imported from outside the Customs territory of the European Community into the territory of the Republic of Hungary with the International Import Certificate

- (a) in case of that the authority of state of origin requires it;
- (b) that belongs under the scope of the Annex I of the Agreement.

(2) International Import Certificate is needed

(a) for the import of dual-use goods and technologies according to Article (2) point h of this decree;

(b) for the broker activity with dual-use goods and technologies;

(c) for the import of technology, software, technological datum via e-mail, electronic data carrier, fax or other electronic way.

Article 14

In case of transit of chemical goods under the scope of the Annex I of the Agreement into the territory of the Republic of Hungary the client is obliged to report on International Transfer Statement of this decree in Annex IV within 10 days after the import of goods and technologies into the territory of the Republic of Hungary.

Inter-Agency Committee on Non-Proliferation

Article 15

(1) Coordination of the implementation of tasks related to the foreign trade in internationally controlled dual-use goods and technologies and also the related non-proliferation agreements on weapons of mass destruction is performed by the Inter-Agency Committee on Non-Proliferation (hereinafter Inter-Agency Committee).

(2) The Inter-Agency Committee discusses the submitted export control issues of principle importance and forms its standpoint in that respect.

(3) The Inter-Agency Committee acts according to the regulation approved by itself. The tasks of the Inter-Agency Committee's Secretariat will be performed by the Office specified in Article 3 hereof.

International Import Certificate

Article 16

(1) In case goods and technologies described in Article 1 hereof are imported to the territory of the Republic of Hungary imported from third countries outside the European Union the Office issues an International Import Certificate specified in Article 13 hereof, to certify the import of the afore-mentioned goods.

(2) Companies registered in Hungary and the Hungarian subsidiary of a foreign company with headquarters abroad may apply to the Office for International Import Certificate after having been registered by the Office. For registration the applicant shall submit the valid registration of the registry court, the tax registration card, the official signature of its responsible representative certified by public notary, (or the certified copies of those documents), the letter of attorney for the company's appointed representative and the description of the company's own internal procedure applied for the export, import and transfer within the territory of the European Union of certain, internationally controlled dual-use products.

(3) The International Import Certificate issued in accordance with paragraph (1) can be used in procedures before the exporting country's authorities exclusively on behalf of the entity specified therein and can not be transferred to anyone else.

(4) The applicant shall notify the Office on any changes of the data contained in the International Import Certificate, the Statement by Ultimate Consignee and Purchaser and the Delivery Verification within five working days. If data contained in the documents are going to be or have been changed the Office is entitled to withdraw the certificate or consider the notification on the changes as new application.

(5) The International Import Certificate will be void if not presented to the competent foreign authority within six months from issue.

Statement by Ultimate Consignee and Purchaser

Article 17

A Statement by Ultimate Consignee and Purchaser specified in paragraph b) of Attachment 3 hereof shall be attached to the application stating that the product and the technology will be used exclusively in accordance with the terms and conditions therein.

Delivery Verification Certificate

Article 18

(1) If the customs clearance is made by a Hungarian customs office, it will validate the Delivery Verification Certificate issued by the Office in the form specified in paragraph c) of Attachment 3 hereof in order to certify that the products and technologies have arrived to the territory of Hungary.

(2) If customs office(s) of the European Union's member states make the customs clearance of dual-use goods and technologies prior to their transport to Hungary it is the obligation of the importer to officially notify Office on the arrival of such goods and technologies into Hungary.

Decision about the application for International Import Certificate

Article 19

(1) The application shall be submitted to the Office on the form filled in as suggested by the guide. The list of technical parameters shall be attached upon request.

(2) The Office shall issue the resolution within thirty days from submission and shall inform the applicant on the issue of the Certificate or the rejection of the application. The Office issues its resolution with the contribution of - depending on the subject - the Minister of Foreign Affairs the Minister of Administration, the Minister of Justice, the Commander of the Hungarian Customs and Finance Guard, the Director of National Atomic Energy Agency and the directors of competent national security services.

(3) The Office denies issuing the Certificate or withdraws the issued Certificate if:

- a) the foreign party or the local end-user acts against the relevant regulation,
- b) the issue of the Certificate would contradict to the international obligations of the Republic of Hungary or would violate or endanger the fulfillment of such obligations,
- c) the applicant – with respect to the distribution of the goods and technologies – is in connection with partners specified in Section a),
- d) trading in the goods and technologies would violate the national security interests of the Republic of Hungary,
- e) the applicant submitted false data,
- f) the applicant did not comply with the provisions for using the goods or technology contained in the Certificate,
- g) the applicant does not operate its internal control system properly.

(4) The International Import Certificate for the import of dual-use nuclear goods and technologies shall be issued in line with the opinion of the National Atomic Energy Agency.

Article 20

Appeals against the first instance administrative resolutions of the Office are judged by the minister of economy and transport.

Data supply

Article 21

(1) Participants in the import activity of dual-use goods and technologies – including the end-users – are bound to present to the Office all data used for the technical specification of the good or technology in question. Data on the conditions of use shall be presented at the same time. The document required for the consideration of license can not be replaced by the statement of the applicant.

(2) The Office may use the data received in accordance with the above Section (1) exclusively in the official procedure and is bound to handle them confidentially.

(3) Those taking part in the trade of dual-use goods and technologies are bound to save and keep documentation related to their applications and to present them to the controlling authorities acting in accordance with Article 22 hereof until the goods and technologies are qualified as internationally controlled ones. In case of annihilation, one-time-used goods, or goods to-be-integrated into a final product, the documents shall be kept for three years from the actual use. The annihilation or the actual use shall be proved by the verified organization during the on-site verification check, on an appropriate way (e.g. with record on destroying or norm on usage).

Supervision by the authority

Article 22

(1) The Office and the Hungarian Customs and Finance Guard is entitled to check the observance of the obligations and the provisions related to the controlled goods and technologies contained in Part II hereof.

(2) The Office and the Hungarian Customs and Finance Guard are entitled to invite proper consulting companies and the authorized experts of the exporting country to take part in the procedure.

(3) Upon request of the supervising organization, the origin shall be certified by documents issued by the competent organization of the selling country as specified by the Community's customs regulations.

(4) Those, who the foreign trade of dual-use goods and technologies defined in this decree, including their transfer regarding to technical assistance or do not according to the licence involved, or rather not fulfil their obligation of this decree or of specially law, can be hit with a penalty from 500 000 to 10 000 000 HUF.

(5) For the establishment of the penalty in paragraph (4) the Office or the Hungarian Customs are entitled.

(6) the penalty in paragraph (4) can be paid by cash by transfer of cash assignment or by paying in a determinated account number, by transfer. The penalty is the income of the penal authority.

Part III

TECHNOLOGY TRANSFER RELATING TO THE BORDER CROSSING OF NATURAL PERSONS

Article 22/A

Regulations of this decree should be adopted for the technology transfer relating to the border crossing of natural persons.

Final provisions

Article 23

(1) This decree will enter into force on the day when the act of law on proclaiming the international agreement on accession of the Republic of Hungary to the European Union. The provisions of this decree shall apply for the cases in process, as well.

(2) Simultaneously with the entry into force of this decree, the Government decree No. 61/1990. (X. 1.) and its amendments by Government decree No. 143/1991. (XI. 8.), Government decree No. 66/1992. (IV. 10.), Government decree No. 166/1992. (XII. 18.), Government decree No. 87/1994. (VI. 6.), Government decree No. 22/1999. (II. 10.) and the decree of Minister of Industry Trade and Tourism No. 31/1998. (V. 15.) and its amendment by the decree of Minister of Economy No. 28/2001. (X. 12.) shall become void.

Article 24

This decree contains provisions required to implement the following community regulations:

- Council Regulation (EC) No. 1334/2000 of 22 June 2000 setting up a Community control regime of exports of dual-use goods and technology,
- 2000/401/CFSP Council Joint Action of 22 June 2000 concerning technical assistance related to certain military end-uses.
